

Packing Plant Wrecked by Explosion

This is a general view of the Swift and Company plant in Slou City, Ia., which was partially demolished by a terrific explosion Wednesday. Fire Chief Charles Kuhl said the explosion was caused by natural gas. (A.P. Wirephoto)

Workmen Seek More Bodies At Wrecked Packing Plant

Wild Gas Blast Injures 6 Persons

Five Stores Are Wrecked in Detroit; Wide Area Shaken

Slou City, Ia., Dec. 15.—Workmen searched today for possible additional bodies in the wreckage of the Swift and Co. packing plant office building, rocked by an explosion which killed 16 persons yesterday. Nine of some 90 others injured were reported in critical condition.

The 16 bodies had been recovered late last night but some 200 workmen stayed on the job throughout the night hunting for four other persons believed killed in the blast.

Five Chief Charles Kuhl, who estimated the damage at more than \$1,000,000, blamed escaping natural gas for the explosion. County authorities said they and city officials probably would join in another probe. Gas mains leading into the building were being checked for leaks.

Sheriff Edwin L. Lundt late last night said the "main thing is to try to get out any who might be alive and to extricate bodies. We naturally are interested in conjunction with other authorities in finding out what caused the blast."

A spokesman for 12 company officials who came here from Chicago said they were conducting an investigation to determine the cause of the explosion. He said the officials "couldn't even guess" the extent of the damage.

The blast, one of Slou City's worst disasters, rocked the big meat packing area shortly before 11 p.m. yesterday. Most of the buildings were destroyed or damaged. The structure housed offices, some processing operations and a cafeteria.

A company spokesman said about 1,000 persons were in the building at the time of the blast. He said the first concern of officials "is for the employees who have lost their lives, those who have been injured and their families. Everything possible is being done to alleviate the suffering with best medical care and to help our people with their personal problems."

Before the gas let go, police halted traffic and warned residents and workers to leave their homes. Property damage was estimated by Fire Chief Nunnally High at \$2,000,000.

The gas company said regulators were being installed over most of the northwest area to hold down pressure of gas going into residences and business places.

Oldsmobile Cuts Prices

Lansing, Mich., Dec. 15 (AP)—Price cuts of \$50 to \$65 on its series 88 cars are announced by Oldsmobile as it begins its 1950 model year. No changes are made in the prices of Oldsmobile's smaller 76 models or the larger 98 series cars. Initiating a new policy, however, the company said yesterday that, with the exception of the standard six cylinder model, any of its 1950 model cars may be obtained without certain extra equipment. This means that a detachable transmission, power windows, rear fender panels, and signals and similar extras are to be wholly optional with the buyer.

Asks World Setup

Urey Declares Only Real Protection Against Bomb Lies Therein

Washington, Dec. 15 (AP)—Dr. David C. Urey, who helped develop the atomic bomb, declared last night that the only real protection against it is a "universal government" of the world.

He urged the western democracies to take steps in that direction.

Forming a limited political union, 2. Inviting other democracies to participate; and 3. Ultimately including the rest of the world after "understanding the dictatorship which controls eastern Europe and much of Asia."

Eventually, Urey told a meeting of the Atlantic Union Conference, there is no satisfactory solution to modern military problems except a universal government.

Jessup Will View Parts of China in Path of Red Army

Adviser on Far East Plans Two-Month Survey as Roving Envoy

Washington, Dec. 15 (AP)—Philip C. Jessup, a top administration adviser on Far Eastern policy, is leaving for a two-month survey of the Communist-occupied lands around Red China.

Jessup has the post of roving ambassador. His present assignment is to investigate conditions throughout the Far East and confer with American diplomats on the spot about moves which may be made to block the spread of communism.

Leaving Washington by train today, he is to sail from San Francisco Tuesday for Japan, arriving there Jan. 5.

Tokyo is the first stop on his itinerary. He is expected to confer there with General Douglas MacArthur and also to determine exactly the time table for the rest of his trip up to that time.

Arrives at Bangkok, Thailand, in early February.

In Bangkok, he will meet with top American diplomats from all over the Far East in a conference, due to last from February 11 to 15. Then he will visit India and Pakistan and probably return to the United States by ship through the Mediterranean.

Jessup is expected to visit all places of primary concern to the United States and the other western powers in their efforts to develop an effective stop-communism program for that part of the world.

His trip comes at a time when the situation itself is developing rapidly. The Communist conquest of China is in its final stages and the Chinese Nationalist government has already fled from the mainland and established itself in the island kingdom of Formosa.

Among the questions which Jessup may discuss with General MacArthur and other American leaders in the Far East are: The future attitude of the United States toward Formosa, the progress of work on a Japanese peace treaty, and whatever measures the United States may be able to take in such countries as India, China and Burma to help keep the Communists from taking them over.

For the past three months Jessup has headed a special advisory group which Secretary of State Acheson set up to help in developing American foreign policy toward the Far East as a result of the loss of China to the Communists.

Song Writer Loses \$36,000 in Jewelry

New York, Dec. 15 (AP)—Song writer Doris Fisher has lost \$36,000 worth of jewelry to thieves who invaded her suite at the fashionable Hotel Sherry-Netherland.

Miss Fisher, wife of Charles Gorenshen, a Detroit auto supply owner, told police yesterday she discovered the jewels were missing after returning from a visit with her mother.

The missing items, she said, included a \$5,000 diamond and platinum ring, a \$15,000 diamond and platinum bracelet, a \$15,000 pin and earring set, and a \$1,000 platinum chain set.

Detectives said there was no indication of forcible entry into her hotel suite.

The robbery was the latest of a series of jewel thefts from rooms in leading hotels here.

Miss Fisher, daughter of the late song writer Fred Fisher, said she and her husband came here Monday for Christmas shopping.

Her husband, who has returned to Detroit, said there that his wife had assigned part of the jewelry herself. All of it was insured, he said.

C.I.O. Asks Congress Probe Of Plan to Hike Steel Prices

Predicts Continued Rent Laws

Washington, Dec. 15 (AP)—A key lawmaker predicted today that President Truman will ask, and Congress will approve, a continuation of rent controls beyond the June 30, 1950 expiration date.

The spokesman was Rep. Barrett O'Hara (D-Ill.), a member of the House Banking Committee who is close to the administration.

"The final answer that rent controls must be continued," he told newsmen, "was given by the re-imposition of rent ceilings at Harrodsburg, Ky., where even a landlord and a banker asked that controls be restored after there had been exorbitant rent increases—running from 10 to 300 per cent."

O'Hara said "the situation in Chicago and other large cities would be terrible if controls were dropped."

He made a flat prediction that Congress will give the rent law, although some other lawmakers close to the White House have voiced doubt that Congress will permit any federal rent controls after June 30.

If there is a continuation of the law's effect, may be confined in new legislation to rent ceilings, only for large cities.

Under the revised rent law enacted earlier this year, a legislature may decontrol a whole state and a city government can control rents in its jurisdiction.

The federal rent administrator, Figne E. Woods, has authority too to take off rent ceilings on his own initiative and with recommendations from local rent boards.

About 2,000,000 dwelling units have been decontrolled, leaving about 12,000,000 of the approximately 40,000,000 dwellings in the country still under control.

Four states—Nebraska, Texas, Wisconsin and Alabama—have voted out federal rent controls by action of their legislatures. But Wisconsin wrote a state control law, and Alabama's decontrol is not effective until May, 1950.

Asked how the decontrol areas are getting on, a rent office spokesman told reporters that the mayor of Omaha, Neb., now is urging a special session of the legislature for the purpose of the decontrol.

Senate Calls Halt In Probe of Coffee; 56 Cents Quoted

Gillette Puts Off Hearings Until January; Gets Good News on Supplies

Washington, Dec. 15 (AP)—Senate investigators called a temporary halt in their probe of the high cost of coffee today with word that "the sky-rocketing of prices has stopped."

Senator Gillette (D-Iowa) told that to reporters yesterday as he suspended public hearings until Congress meets again early in January.

The senator called attention to Washington grocery advertisements of brand coffee at 56 cents a pound that had been selling for 84 cents. But he held out slight hope for immediate return of "the nickel cup of Java."

Two government officials brought Gillette's Senate Agriculture Subcommittee some encouraging news about coffee supplies at the final public hearing yesterday.

Philip M. Hauser, acting director of the census, said a spot check of coffee stocks conducted at the senator's request indicated supplies on hand at the start of this month were about the same as last year.

John K. Havemeyer reported that a State Department check through U. S. embassies in Latin America indicates that coffee exports for the next season will be good.

Suicide Verdict Given by Coroner

Bronx Woman, 70, Slashed Wrist, McHugh Says; Autopsy Held

A coroner's verdict of suicide has been issued in the death of an elderly woman whose frozen body was discovered Wednesday afternoon in her summer home near High Falls, District Attorney Louis G. McHugh reported today.

The woman has been identified as Mrs. J. Steinbrecher, 70, of 1155 E. Tremont avenue, the Bronx, the sheriff's office said. She had been dead at least 10 days.

County Identification Officer Leonard Belmont of the sheriff's office said.

Spaulding Says Girls Don't Get Even Break in High School

New York, Dec. 15 (AP)—Girls aren't getting an even break in the state's high schools, says New York State Education Commissioner Francis T. Spaulding.

Speaking yesterday before the Regents' Council on Readjustment of High School Education, the commissioner also cited several other "neglected groups" of students.

He said there has been much adjusting in the schools, but they still "follow patterns set up years ago which tend less and less with changed conditions to meet the needs of the child of today."

Very bright children are neglected, he said, because programs must be directed to the average student.

Girls are neglected, he said, because the school originally "were established for boys only, and still are geared in large measure to the needs of boy students."

The council, recently appointed to advise educators on changes in high school programs, is gathering data to make recommendations on improving the schools.

It is composed of businessmen, labor officials, teachers and other professional representatives.

Spaulding told the group that another neglected group of students—about 60 per cent—are those who finish high school, and then take jobs requiring little or no training.

Many leave school, he said, with the idea that each individual has a chance to succeed based on his own initiative. When they go to work, he said, they may be disillusioned.

Students need a program that will teach them how to get along with people, how to manage their own finances, how to get and keep a job and how to "learn how to learn," Spaulding said.

Although high school enrollment is expected to increase about 250,000 between 1951 and 1963, Spaulding said, there still are far too many young people quitting before they complete high school.

The council meets again Feb. 16 in Albany.

Governor Gives Wicks Praise For Efficiency, Taxpayer Savings By-Passes College

Joseph Edward Nelson (above), 17, a former student at Institute Clouvenet Verga in Rome, Italy, has achieved a new record at the University of Chicago by demonstrating in placement tests that he already has the equivalent of a college education. As a result, he has by-passed college and entered the division of physical sciences to do graduate work in mathematics. He attended high school in New York before his family went to Rome. (A.P. Wirephoto)

Senator Arthur H. Wicks of this city was paid a compliment for efficiency, yesterday, by Governor Thomas E. Dewey as he declined to give his support to suggestions that the state government reorganization commission be set up in New York state.

Dewey pointed out that Wicks as chairman of the joint legislative committee on coordination of state activities for five years had saved its people a considerable amount, and stressed that many of his group's suggestions had been adopted.

Reporting on the governor's attitude and his commendation of Senator Wicks, the New York Times said:

Such a commission would attempt, on a state-wide basis, what the Commission on Organization of the Executive Branch of the Government, headed by former President Herbert Hoover, has done in the nation. State bodies, along the lines of the Hoover commission, have been set up in about twenty other states.

The governor was asked in Albany, for his comment on suggestions that the state government might benefit from such an advisory body. His reply was as follows:

"Senator Arthur H. Wicks has been chairman of the joint legislative committee on coordination of state activities for the past five years which has been doing just that kind of work."

To date, his committee has investigated and reviewed the activities of the departments of Mental Hygiene, Health, Correction and Labor and is now studying the Department of Education.

"The committee's reports and recommendations are on file with the legislature. Many of their recommendations have already been put into effect over the past year. A considerable savings to the people of the state of New York."

Reports in other quarters were that the Governor was definitely set against any such commission, consisting of outside business men and experts, delving into the state government, and made his attitude known in quarters where it was suggested.

The New York State Citizens Committee for the Hoover report, which has been set up to stimulate interest here in the proposed reforms in the national government.

New York Prepares For 'Dry Friday'

Weather Man Offers No Comfort for Those Who Watch Reservoirs

New York, Dec. 15 (AP)—The weather man's news today was not too good for water-short New Yorkers as they scrubbed with extra gusto in preparation for "Dry Friday," which will be ushered in at midnight.

No rain or snow was in sight to help all the city's depleted reservoirs.

Tomorrow will be a bathless and shavless day—all on a voluntary basis—as part of the month-long efforts being made to save the dwindling water supply.

Bathing and shaving were only part of the water users that New York's 8,000,000 are asked to forego tomorrow.

The auto washing industry, some of whose members had balked at the ban on their trade, was falling in line today with the emergency measures ordered by Water Commissioner Stephen J. Carney.

Thirty-two members of the Production Auto Laundry Owners Association announced they had voted to comply with Carney's ban pending a conference for the week of January 23.

The association claims to represent almost all of the car-washing establishments in the city.

Six auto laundries were fined \$5 each in Brooklyn yesterday for violating Carney's orders.

If tomorrow's water holiday shows an appreciable saving, it will be repeated weekly, to help save off possible winter rationing and lowering of pressure.

Conservation by the public, and snow and rain raised the reservoirs slightly, according to yesterday's figures.

The level was 87,445,000,000 gallons—34.3 per cent of the 253,000,000,000-gallon capacity of the reservoir system in suburban Westchester county and the Catskill mountain area. The percentage the day before was 33.8.

Two Are Sentenced

New York, Dec. 15 (AP)—Two seamen were sentenced to death today for the robbery killing of a Chinese laundryman in the Bronx last Jan. 5. Bronx County Judge Samuel Joseph set their execution for the week of January 23.

The two seamen, Gunnar Jansson, 34, of Malmo, Sweden, and Sven Hultberg, 36, of the Bronx, were convicted by a jury Friday for slaying and robbing Lee Hong in his laundry shop.

Treasury Receipts

Washington, Dec. 15 (AP)—The position of the Treasury Dec. 13: Net budget receipts, \$168,031,092.20; budget expenditures, \$180,743,445.40; cash balance, \$4,005,171,638.75; customs receipts for month, \$16,797,950.47; budget receipts for the week of January 23, \$14,552,218,795.12; budget expenditures for month, \$18,381,954,277.95; budget deficit, \$3,829,735,482.83; total debt, \$26,934,214,021.43; increase over previous day, \$27,255,977.30; gold assets, \$2,476,622,738.62.

O'Mahoney Says Boost Out of Line

Fairless Blames Freight Increase and Pensions Plan for Proposed Revision

Ratio Is Same

Profits, Sales Relation Have Not Changed in Recent Years

Washington, Dec. 15 (AP)—A C.I.O. spokesman said today the labor organization is "completely appalled" by the rumors of pending steel price increases.

Fairless, Kansas City, executive secretary of the C.I.O. Full Employment Committee, made the statement in testimony prepared for hearings of the Senate House Economic Committee. He was called before a subcommittee which is studying ways to attract investment capital to small businesses.

Senator O'Mahoney (D-Wyo.) said a steel price increase would be "out of line" and would call for a Congressional inquiry.

The increase which they refer to was proposed by Fairless, president of the U. S. Steel Corp., in Chicago yesterday.

Fairless had a news conference that his company is going to increase some prices and decrease others in a revision to be announced Friday.

Fairless blamed the recent freight rate boost and the pension plan won by Philip Murray's C.I.O. Steelworkers for the increased cost which he said necessitated the price rise.

O'Mahoney is chairman of the economic committee, which probably would undertake any investigation. He told a reporter that "I don't see how we can avoid it."

"The profit records of the steel industry indicate absolutely that an increase in the price of steel at this time would be absolutely out of line," he added.

"It utterly overlooks the public interest, because the steel industry produces a basic commodity which affects the prices of every other commodity."

A compilation by The Associated Press showed that the profits of 21 leading steel companies in the third quarter of this year, the last reported, were \$108,000,000, which was nine per cent below the \$120,150,260 earned by the same companies in the third quarter of 1948.

The third quarter earnings were 11 per cent below the \$127,408,210 figure for the second quarter of this year.

While steel companies dollar profits have been at record in recent years, gross sales and revenues also have been at similar levels, along with payrolls, taxes and other costs. The ratio of profits to sales has not changed much in recent years.

The U. S. Steel Corporation, the country's largest producer, had a net income of \$42,627,745 in 1948, which was approximately five per cent of its gross sales of \$847,000,000. In 1949, the last real production year for 1948, the company earned \$41,199,000 on sales of \$811,750,000, an average of 5.04 per cent.

The C.I.O.'s Fairless argued (Continued on Page 1, Col. 1)

Water Will Last

Secretary of Interior Says U. S. Won't Run Out of It Very Soon

Washington, Dec. 15 (AP)—Despite the severe shortage in some parts of the country, the United States will have an ample supply of water for the foreseeable future.

So said Secretary of the Interior, Charles A. Merriam, yesterday.

He issued a statement after receiving a flood of queries, most of them prompted by New York city's water troubles.

Rather than a general water scarcity, Merriam said, the problem is that "serious shortages confront certain areas where we don't have water where we want it when we want it."

The cabinet official said "we can't have a lake water for granted, as we do the air we breathe," adding, "But on the whole we shall never run out of water in the foreseeable future."

Boy, 5, Will Receive Treatment for Cancer

New York, Dec. 15 (AP)—Five-year-old Jimmy Pochon, whom

Santa visited two weeks early because he may die before Christmas, came here today for treatment by cancer experts.

The pale, blond youngster from Tarentum, Pa., arrived after an overnight trip from Pittsburgh by train. He was taken at once to the Memorial Hospital Cancer Center in an ambulance.

Hospital officials said it might be several days before his case is fully studied.

Doctors in his home town said he might die within two weeks.

George Pochon, Jimmy's father, said "we can't believe that but we're taking no chances."

So Jimmy had his Christmas last Sunday, with a tree and all the trimmings. An electric train

and a construction set were his prized gifts. Pochon is a gas-engine operator in a glass plant. Members of his union and friends offered to help with the expenses of Jimmy's treatment. The Pochon family

ROLE IN PUBLIC AFFAIRS

The admonition to take a greater part in public affairs is frequently heard in meetings of Americans. Business people are urged to do so, church people are urged to do it, and almost every other grouping into which people are put hears the advice periodically. The impression is gained that the results of all these urgings are scanty.

Taking a greater part in public affairs does not necessarily involve becoming a candidate for office, or a political worker. More candidates for office are often needed and would almost always be valuable — the larger the number of candidates the better the chance of good office-holders. But there are many other ways in which people can and should have a part in public affairs. Citizens should attend meetings of their local council and school board, and know what those bodies are about and how well the members are doing their jobs. They should know the needs of their community and what steps are being taken to meet these needs, now and in the future. The citizens should pay an occasional visit to the state capital, observe the legislature in operation and the various other units of the state government. They should know what kind of people their congressman and senators are, and what kind of record they have in Washington.

Participation of that sort in public affairs would take time and would require energy. But if more people took the time and energy to do it our communities, our states and our nation would be much better governed.

FOES OF MARCANTONIO

"We'll get Marcantonio in 1950," say leaders of three New York City parties. Democrats, Republicans and Liberals are talking fusion behind a single candidate to beat Vito Marcantonio, American Labor Party congressman, in the Harlem district.

The terms "Communist" and "party-liner" have been hurled so indiscriminately as to be generally disbelieved. Critics and political opponents declare that Marcantonio's voting record has invariably followed the Moscow pattern. His is a poverty-stricken district in which he has developed great strength. Except for one term he has served continuously since 1935. Interestingly enough, he began as a Republican, and has sometimes had Republican support for re-election.

If all the anti-Marcantonio voters concentrated on one candidate, he could be beaten. In the recent mayoralty campaign, he polled about 36,000 votes to a total of 53,000 for his Democratic and Liberal opponents. Unfortunately Democrats, Republicans and Liberals all want to name his successor. Unless they can agree and really get behind one choice, Marcantonio's job seems secure.

YULE SAFETY

Christmas, the merriest time of the year, is also the time of unexpected disaster. In our effort to have a bright and gay household, we burn more lights than usual, taxing our electric light circuits and we use lighted candles and paper decorations. These are all fire hazards.

There are very few Christmas trees that are really flameproof, safety experts declare, and the ordinary Christmas tree is one of the most flammable objects known.

A few rules to observe for a safe holiday season in the home are suggested as follows: Keep the tree outdoors until ready to install it; place it in the coolest part of the house, shutting off the radiator closest to it; turn lights off when no one is in the house; when needles near lights turn brown change the location of the lights.

Avoid decorations near chairs where people may smoke; use lights not candles in the windows; use non-flammable decorations of glass or metal and "fireproof" snow in decorating; dispose of all gift wrappings and packing materials after gifts have been opened.

SELF-DOSING

Self-dosing has usually been proved risky. The dislike for man's old foe, the common cold, has now resulted in widespread sale of

'These Days'

By GEORGE E. SOKOLSKY

THE PHILOSOPHY OF JIMMY

One of the most amusing articles of a really humorous character, appeared in "The American Mercury," entitled, "The Case for Deficit Spending" by James Roosevelt. Jimmy has discovered deficit financing. He says:

"The phrase has been used by many men before, passing without notice. Now the revitalized Republican Party is using it to discredit the Truman Administration as 'wantonly spendthrift'."

It so happens that this term has been widely discussed for two decades, being associated with the political economics of John Maynard Keynes, who invented "pump-priming" for his father. The Keynesian economists have written learnedly on the subject and their opponents have also written learnedly, and most of it was published long before Harry Truman was shocked by the astounding elevation to the vice-presidency. How it happens that the redoubtable James never heard of it until he wrote this piece for the "Mercury" is difficult to explain, except on the basis of a comment on Milton Berle's gags: "There are always people who are 13 years old."

So he explains why the Republicans are incompetent and to prove it he defines a slogan. To be effective politically it must have emotional pull as well—it must stir people who are blind, or prejudiced, or just uninformed. Pretty good, that, and authoritative. Although the gentleman has only just discovered "deficit spending," which Harry Hopkins conducted with largesse from the White House, he does know what a slogan should be. I give him full points for that. Now we go into the philosophy of the thing and I must say that when I read it, I was so startled that I could hardly wait to read John T. Flynn's reply in the same issue of the same publication. Flynn, of course, utterly and completely demolishes the self-proclaimed candidate for governor of California. Let us do not read the "Mercury," I shall quote more of James:

"Whenever a government has a surplus at the end of the year, it has taxed its citizens too much. This should be elementary. If it goes on doing this year after year, it is operating under an unbalanced fiscal policy, and its Legislature is using the taxing power for purposes never intended in the constitutional grant. The Constitution specifically allows the government to borrow money, pledging the national credit. Nowhere is there either specific or implied power for it to collect more taxes than it legitimately spends."

Of course the simplest answer to that is: (a) To give the citizens back some of their own money, or (b) to reduce the taxes for the next year, using the surplus in that manner. After all, a government needs no surpluses; it can always take what it wants when it wants it. "Whatever law provides that money has to be spent, even by a government, just because it had been collected? James is afraid that if the government collects more than it spends, it will be tempted to temptation. Why should it collect more than it needs to spend or actually does spend?

That is, naturally, a profligate's point of view. The prudent person practices thrift. He does not try to live up to his earnings; he tries to save. He is glad for a rainy day. He buys life insurance. He reduces his taxes, and the government's can function economically in the same manner. Windfall is not something to shoot down a rat-hole. Therefore, if the government happens to collect more than it needs to spend, it ought not to go on a spending spree. Certainly it ought not to go on a spending spree when it collects less than its budget plans for it to spend."

And James, calling a slogan, a good one is the motto, "Cut your cloth to fit your purse."

According to James Roosevelt, the best guarantee of economical government

In other words, the way, according to Jimmy, to prevent the government from spending more than it receives is to let it receive less than it spends. I leave that one to you, gentle reader. Maybe you get it. But I cannot believe that profligacy is a way of life for the American philosophy includes thrift.

That Body of Yours

By James W. Barton, M.D.

VENTILATING SHOES

As medical students we were apt to treat skin diseases lightly, because the patient never dies of a skin disease. He does not call the doctor during the night, and if the condition can't be cured by mercury or sulphur, it has to get better without any treatment. Also, as half the cases of skin eruptions are eczema, a physician, calling all skin diseases eczema would be right half the time anyway. Today's skin diseases are treated in such a haphazard manner, skin diseases are recognized as being outward symptoms of some inward disturbance.

Many skin eruptions occur in the feet, and as we must use our feet to make a living and get about from place to place, the family physician gives much of his time and attention to foot ailments.

Drs. Edward Gaul and G. E. Underwood in "Archives of Dermatology and Syphilology" state that between 50 and 80 per cent of the people of the United States have been afflicted with foot eruptions. Some such disorders, the third most common skin disease, occur in 50 and 70 per cent of all college students are affected, and in the Navy 88 per cent of the personnel were found to be affected.

While the statement that rubber-soled shoes affected the eyesight has not been proven, the use of rubber-soled shoes, which started 50 years ago, was soon followed by a foot disease called athlete's foot. Apparently it is not the rubber itself that causes the trouble, but the chemical used in rubber, and linings of the shoe, and the fact that rubber does not allow the perspiration to escape from the feet as does leather. It is the combination of heat and moisture and perspiration that creates ideal conditions for the growth of the vegetable organism, the fungus. Itching, swelling, burning and swelling are the outstanding symptoms in most foot eruptions.

Drs. Gaul and Underwood plead for a "pooling of knowledge" of all those concerned in the manufacture of shoes as well as the medical profession, the goal to be the better development of footwear that is free from substances that cause irritation of the feet, made from materials that permit proper ventilation. Of course the wearing of rubber or rubber-soled shoes in damp weather is good protection against the common cold so often followed by pneumonia.

Your Feet and Their Ailments

It is amazing how little care we give our feet considering how important they are to us in our daily living. Send 10 cents for a free booklet, "Your Feet and Their Ailments," to The Bell Syndicate, Inc., in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y., and ask for your copy of the Barton booklet entitled "Your Feet and Their Ailments."

(Released by The Bell Syndicate, Inc.)

a new group of "cold tablets," sold under various names but all containing anti-histaminic substances, or drugs that suppress a body chemical known as histamine.

One trouble is that these cause some who take them to get drowsy or fall asleep, even when they may be engaged in such a wide-awake job as driving a car.

It sounds easy to prescribe for your own ailments and save doctors' bills, but it is almost sure to be a penny-wise and pound-foolish mode of operating.

"Coming Along, Governor?"

The Washington Merry-Go-Round

By DREW PEARSON

Washington—The inflation row

between Secretary of the Treasury Snyder and federal reserve dynamo Marriner Eccles attracted headlines a few days ago. But when the two men met behind the closed doors of a Senate committee, the final results of the feud were hushed up.

It was Snyder who, perhaps knowing he would be no match for the shrewd and experienced Eccles, insisted on a closed-door meeting. However, here is what happened.

Present at the Senate session was Tom McCabe, popular, easy-going, federal reserve chairman who agrees with Snyder on most things, and who pleaded with both Eccles and Snyder to cease their public squabbling because of repercussions on business and the stock market.

Eccles shot back that stock-market reaction to his dispute with Snyder was far outweighed by the future economic and financial welfare of the nation. It would be better to have a showdown now, public or otherwise, he said, rather than wait until inflation hits us.

The press has made this a personal dispute between Secretary Snyder and myself, but it's not that at all," Eccles declared. "It's a question of deep, fundamental policy that affects the future welfare of every man, woman and child in the United States. The federal reserve system cannot adequately carry out its obligation to control inflationary trends while the treasury continues to borrow at fixed, low interest charges."

Government Bonds Dumped
The interest rate (now averaging about 2.2 per cent on long- and short-term government securities) should be somewhat higher, Eccles contended, to discourage dumping of government bonds by banks, insurance companies and other big purchasers. Also, it should be more flexible, he argued, so the federal reserve board could use it as a lever to prevent either an overexpansion or a tightening of bank credit.

Interest rates on government securities naturally influence the rates on commercial loans, Eccles pointed out, and therefore the quantity of such credit—which

the reserve system is expected to control.

"Well, the treasury has obligations, also," argued Snyder. "Let the interest rate go up on government bonds and there will be a howl from farmers and other groups, who will then have to pay higher financing charges on private loans and mortgages."

Turning to Senator Douglas of Illinois, chairman of the meeting, Snyder remarked that Congress was chiefly responsible for inflation trends.

"Inflation originates in the Congress," he commented, tartly. "If Congress votes to appropriate great sums of money and then doesn't increase taxes to balance this spending, you are making inflation. You can't build big deficits without taking risks."

Robbing Peter

The treasury chief added that the low interest the government was paying on its bond issues represented that much of a saving to the taxpayer and helped to balance the budget. However, Eccles shot back that it did nothing of the kind, but was a robbery of the taxpayer that actually cost the taxpayers more in the long run.

Low interest rates on government bonds often lead to dumping by big investors, who prefer to reinvest their money in less secure, but more profitable commercial loans, he explained. Since the Federal Reserve system is required by law to buy up the bonds dumped on the open market, this further increases national bank reserves—against which more inflationary money is then issued.

The amount of money the treasury is saving now by its fixed, low interest rates, is only a pittance compared with the future cost of inflation—if Snyder continues his present policy, Eccles warned.

Merry-Go-Round

George Craig, first World War 2 vet to command the American Legion, had four years active combat service, and is really fighting in peace for the democratic ideals we had in war. . . . Courageous Congressman Andy Blumenthal of Wisconsin deserves credit for taking Judge Armstrong's "Bonus for Bigotry" Foundation off of the govern-

ment's (tax-exempt) list. . . . U. S. Ambassador James Clement

Dunn, now in Rome, is angling for the highly prized post of ambassador to the Court of St. James. . . . Sen. Pat McCarran now thinks he is almost as important as the President. When one McCarran returned to Washington last week, the entire staff of the Senate Judiciary Committee was lined up waiting to greet him like a returning potentate. . . .

Avra M. Warren, now American ambassador to Finland, will be the next U. S. envoy to Pakistan. The Navy has just developed the world's most powerful airplane engine. It will outfly even the fastest Russian jet. . . .

A long-suppressed feud between Secretary of Defense Johnson and Atomic Energy Chairman David Lilienthal is about to break into the open. . . . The real estate lobby has a new device for killing rent controls. It is fixing up a list of vacant apartments in overcrowded Washington, exclusively for congressmen who want to rent—just to show there's no housing shortage.

Airline Lobbyist

You've got to hand it to Pan American Airways for being versatile when it comes to lobbying. All during the 80th Republican Congress they depended on G.O.P. Senator Brewster of Maine and Sam Pryor, former G.O.P. congressman from Connecticut, to do their lobbying. In fact, only one Democrat, Carroll T. Bone, was on their lobbying payroll, and prior to November 1948 he was expected to exit after the elections.

Immediately after the elections, however, Carroll Bone, Democrat, went up in value to Pan American, and he may now become a vice president.

But in addition, Clark Clifford, soon to leave the White House for the law-lobbying business, will become the brightest star in Pan Am's lobbying army.

Note—Pan American has just put across a neat piece of lobbying by which it gets one foot in the door on the route to Rome. This route belongs to T.W.A. But Pan Am used the excuse of carrying Holy Year pilgrims, and C.A.A. gave it a special route to Rome. It will be interesting to see whether the route is surrendered after Holy Year is over.

(Copyright, 1949, The Bell Syndicate, Inc.)

Twenty and Ten Years Ago

Dec. 15, 1929—Dr. Wright J. Smith, sheriff-elect, announced he would appoint J. W. Feeter, of Highland, as undersheriff.

The Meigs Church of Saugerties and St. John's Church choir of this city gave a recital of sacred music at the church.

The overnight low on The Freeman thermometer was 20 degrees. Zeke Boss, of Cedar street, was injured in an auto accident on the Sawkill road.

Dec. 15, 1939—Postmaster William R. Kraft said he expected the Christmas rush of mail to be the city's biggest.

Temperatures ranging from six degrees to zero were reported in the area.

Mrs. Mary A. Brown of East Union street died.

The Rev. Kiah Mead Reynolds, 80, retired Methodist minister, died at Fort Ewen.

Square Bottles Preferred

Albany, N. Y., Dec. 15 (AP)—Note to milkmen: Your customers like their milk in square glass bottles. The State Commerce Department reported this preference yesterday in announcing results of a survey in three upstate urban areas. "Overwhelmingly the preference was for square glass containers," the department said. About 56 per cent of the 1,600 milk users were against a proposed two-quart bottle.

Today in Washington

To What Extent Are Militarism, Dictatorial Powers Being Felt in Government?

By DAVID LAWRENCE

Washington, Dec. 15—How far is militarism and the sweep of dictatorial power beginning to make its inroads in civilian government today?

The Committee for Economic Development, a group of liberals in business and the professions, has issued through its research and policy committee a statement of national policy that raises rather plainly a fear of the diminution of civilian control.

The C.E.D. was once headed by Paul Hoffman, and it is noted for its progressive approach to national policies. The new statement says in part:

"Though adequate security is essential to protect our freedoms, the program aimed at security must be a threat to our freedom and to our way of life. Under it there has been a great increase in the role of the military in our government, a great increase in bureaucracy, an expanding dominance of government over industry and an increasing interference with individual freedoms."

"Much of this is inevitable. When we increase our military defenses we necessarily increase the role of the military in our government. When we increase the share of our resources devoted to armament, we unavoidably enlarge the scope of government in industry, in public, in science and education and in every sphere of life."

"We have already given up important freedoms without adequate challenge. Freedoms once exercised may be freedoms forfeited. This trend, particularly if coupled with fear and hysteria or with complacency and ignorance, may produce policies which, in the name of security, endanger essential liberties. Security measures, unscrubbed by the requirements of freedom, can undermine our free institutions. Public apathy and the pressure for security can lead us along a dangerous road—a road that ends in what has aptly been called a garrison-police state."

"In a garrison-police state, the soldier and political policeman rise to power while the rights of freedom shrink. In the name of security, channels of public information dry up, the press comes a mere purveyor of official handouts. Out of touch with the people, the government becomes less accurate in its policies. The process of individual freedom declines. The power of the press dwindles. Administrative and civilian shrinks, relative to the administration in uniform. The courts weaken. Out of touch with the people, the power of the law declines. Local plans are subordinated to central policies. The free market is constrained. Labor is hedged in by special regulations. Consumer freedom of choice is reduced. The balance of power shifts from the people to the government. All these things come to pass."

The committee report points specifically to weaknesses in the governmental structure. It says the National Security Board, the Joint Chiefs of Staff, the National Security Council each has "not been given its potential."

There is also a warning that the present trend, if continued, is a reason to believe that our security program is neither efficient nor economical. There are indications of low efficiency and waste in the Education Act of 1946 and the changes effected in the summer of 1949, the national defense forces are characterized as deep-seated serious wastes in the widespread confusion of the strategic concepts and weapons and by an alleged low standard of morale in one of the armed forces.

The report might have ended one comment in free America: it is not possible to get anything by "knocking heads together" even in the armed services for venturing to express their honest convictions.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Washington, Dec. 14—President Truman declined the invitation of the Gridiron Club, a social club of Washington newspaper reporters, and was not present at the dinner in the Statler last Saturday night.

Mr. Truman was busy resting and working in Key West. Some journalists suspected that he was sulking and snubbing the Gridiron to get even for some ribbing of his socialist program discussed at the last Gridiron dinner last spring, but it easily could be that he was just fed up with banquets, tired and unwilling to give up that night to a party which might have been an ordeal rather than a pleasure. The political satire was pretty rough so he spared himself some annoyance.

The Gridiron Club is the only society of its kind in the world. There are many imitations, clubs of state house and city hall reporters and other amateur enthusiasts once a year and ridiculed governors, mayors and commissioners, but the Gridiron was original and its equivalent does not exist in any other national capital commanding, usually, and traditionally, the presence of the king, prime minister or other chief of state.

The Gridiron exists to give two banquets a year, but the purpose of the banquets is the deeper reason for the existence of the club. That purpose, from the beginning, has been to promote acquaintance between the press on one hand and the statesmen and bureaucrats of our government and some of the representatives of other governments.

The Gridiron was organized in 1885 when the press, until then a small force in Washington, had begun to infuriate members of Congress and bureaucrats who had been caught in flagrant lies and denounced by reporters. That was the beginning of what has been called a "war of attrition" between the press and the government. It could have been thought that the exposure and the establishment of a great corps of correspondents would put a stop to graft. This has not been accomplished. The \$50,000-a-year tax exemption granted to President Truman by his own Democratic 81st Congress, as its first act, defiantly and in

the glare of publicity, is an example but not a cause of the press. The press and its duty of detecting the special privilege, amounting actually to a legalized graft. The fact that the people's representatives helped themselves to smaller portions of graft in the same way indicates that the legislative and executive branches actually do feel that they are no longer responsible to the people and no longer need justify their actions.

When the Gridiron was organized, Congress didn't want a press gallery and inquiries by reporters were regarded as impudence. So the early dinners were arranged as informal humdrum conventions to get both parties a little drunk and establish confidence and friendship. But the dinners of today are formal banquets to which an honorarium is paid to members of Congress and other officials as lobbyists, who have made a traffic in invitations have been quietly ostracized and it is hard form to offer a member some advantage in return for an invitation.

Maryland temper is a distortion and a tradition on the Maryland Gridiron. Maryland is said to be the Gridiron to the Gridiron. There is with this exception of the version maintained at the Maryland Club in Baltimore. It is a sort of stew, apparently with truffles, seasoned with sherry and during prohibition and again during the second World War, Mo and the Gridiron was another traditional character. Those who like champagne was scratched. It is back again and with the temper, accounts to a great extent for the cost of the feast, which, with flowers and all, comes to \$20 a plate.

The opening speech in the dark of the president of the Gridiron always ends with the admonition that "Indies are always present, although the party is strange, and that reporters are never present." The only person who ever violated the rule against dirty tricks was Franklin D. Roosevelt, who was asked by a humorist for a name line on his first appearance as guest of honor. The Gridiron, during his presidency, got as its first act, defiantly and in

PORT EVEN

Port Even, Dec. 15—Brownies, Troop 44, will hold their Christmas party at the Methodist Church house Friday at 8:20 p. m. Mrs. Charles Leichner and Mrs. Henry Deane, Jr., will be in charge of refreshments and games. Presentation Women's Club will hold its Christmas party at the

parish hall tonight. A covered dish supper will be served at 6:30. Each member is requested to bring dishes and silver. The supper committee is asked to be at the hall by 5:30 p. m.

Columbia Campus Barbs Still Hit at President

New York, Dec. 15 (AP)—A recent speech that Gen. Dwight D.

Eisenhower made about personal security still is producing some barbed reaction on the Columbia University campus.

Scrawled in chalk on the campus statue of Alexander Hamilton yesterday was this remark: "Beer and frankfurters for all."

Benach were five stars, signifying the university president's army rank, and the word "Ike."

At the base of the statue were two frankfurters with rolls and

an empty carton which had contained beer cans.

It was more than a week ago that Eisenhower made a speech in which he said too much emphasis is being placed on personal security at the expense of personal liberty. He added that perhaps people want champagne when they should have "hot dogs and beer."

Later, the campus newspaper, The Spectator, criticized the

speech, and asked editorially: "What's wrong with security?" The paper said that "being content with beer and hot dogs" isn't part of the American tradition.

The Spectator, criticized the

Ben-Gurion Says Israel Is Placed Against World

Jerusalem, Dec. 15 (AP)—Israel's defiance of United Nations plans to internationalize Jerusalem has placed the young Hebrew state "against the whole world," Israeli Premier David Ben-Gurion said last night.

The premier moved his ministry to the Jewish-occupied section of Jerusalem last night. It was the last of seven government departments to be transferred from Tel Aviv in a tactic in which Ben-Gurion so far has avoided outright proclamation of the Holy City as Israel's political capital.

Only the ministries of foreign affairs and defense remained in Tel Aviv, to avoid any issue if the foreign ambassadors should refuse to move to Jerusalem.

Accepting the freedom of the city from Jerusalem's Mayor Daniel Auster, Ben-Gurion last night said his nation had "entered upon the greatest political struggle in the history of our people."

"It has only just begun," he declared. "Who knows how it will end, how great the price we may have to pay? Our only weapon is historic justice. It is the same justice on which we have relied throughout the years."

As the Jewish government commenced operations in the shadow of the old walled city occupied by Hashemite Jordan's Arab troops, Jerusalem's residents appeared to take for granted the government's move here. Most of them, always regarded as loyal to only a temporary capital.

In London, too, a British foreign office spokesman said the transfer "does not surprise" the British government. But he said, "we regret that Israel, which is a member of the United Nations, should have thought fit to flout its authority."

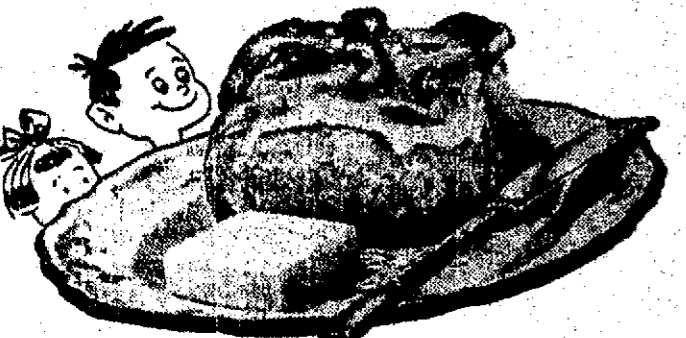

Britain and the United States had voted with Israel in the U.N. Assembly against the international regime for Jerusalem.

MAKES EVERY BAKING SUCCESSFUL

CUPLETS CUP CAKE MIX

At every baking you get the same delicious cup cakes because every package contains the same fine, precision-blended ingredients. Quality no other cup cake mix has been able to equal. Just add an egg and milk, and bake.

M-m-m! Sunshine for breakfast!

Serve delicious MRS. FILBERT'S MARGARINE

What a way to start the day! Hot coffee-cake and Mrs. Filbert's golden Margarine! That fresh-from-the-churn flavor wakes up every appetite! It's Mrs. Filbert's own recipe—no wonder it tastes so fresh and sweet!

Nutritious, too! Every pound is fortified with 15,000 units of Vitamin A—5 times the minimum daily need for an active, growing child. Give your children lots of sunshine on your table... get this healthy, thrifty food today.

Dulldozer Was Missing

Salem, N. H., Dec. 15 (AP)—The mystery of the missing bulldozer is solved. It wasn't missing at all—it was hiding. Contractor Paul Garabedian left the \$14,000 machine at a building site Monday night. Warm, rainy weather caused the frozen ground to thaw. The next day the bulldozer was gone. A long search ended last night when someone spotted the machine's tall exhaust pipe sticking out of an eight-foot puddle. A twelve-man crew using three pumps and a tractor pulled the bulldozer out.

Attempt Is Halted

New York, Dec. 15 (AP)—The Big Four deputy foreign ministers decided yesterday to halt temporarily their attempts to write an Austrian independence treaty. They will meet again in London January 9 at which time a British spokesman said there is "every possibility of success." He quoted the Russian representative, General N. Zarubin, as believing all obstacles to the treaty would be removed by then.

Customers' Corner

Have YOU asked yourself how YOU would be affected if A&P is destroyed? Would YOU miss the savings YOU now enjoy as a result of our low price, low profit policy? Would YOU miss the quality foods we sell, backed by our offer of "Satisfaction guaranteed or your money will be cheerfully refunded"? In other words, would YOU be better off, or worse off, if the anti-trust lawyers succeeded in putting A&P out of business?

Protestant Union Project Discusses Effect on Churches

Greenwich, Conn., Dec. 15 (AP)—A conference, aimed at drafting a blueprint for a union of American Protestantism, today explored this key question: "What effect would a consolidation of Protestant denominations have on the individual church units?"

Delegates and observers representing 19,000,000 churchgoers came to grips with the problem yesterday at the three-day conference opened on a note of mixed opinion.

Various church leaders voiced support for a unity plan that would leave local units intact. Some expressed belief that past efforts at Protestant union had failed because too much autonomy was left to individual denominations.

Forty-five key figures from 14 denominations, as well as consultants from the major interchurch councils, are taking part in the conference, sponsored by seven denominations.

The purpose is to draw up a unity plan to submit to the various denominations for ratification.

A tentative proposal that would not upset local church units, was advanced last night by Dr. Charles Clayton Morrison of Chicago, editor of the "Christian Century."

He suggested that Protestant churches join on national, regional and diocesan levels, with local churches remaining separate as they now are.

The individual churches would not need to merge, he said, "even if there are three or four on the same corner."

Previously, Dr. Mark A. Sawyer, co-executive secretary of the

Home Missions Council, said such a "cooperative approach" was one of several plans the conference would consider.

"This approach, he said, is 'to agree upon overall principles' but because of legal entanglements of church organization 'to leave the denominations intact.'"

Another proposal, he said, calls for conversion of various denominations into more "branches" of a single, united church. The idea, he said, is known as the "Federal Union" plan.

It drew the disapproval of Dr. H. Paul Douglass of Montclair, N. J., director of the commission on cooperative field research of the Federal Council of Churches.

"I don't think that type of union would have any chance of succeeding," he said.

Both Dr. Morrison and Dr. Jo-

seph A. Vance, minister emeritus of the First Presbyterian Church of Detroit said there is a weakness in any plan that leaves too much autonomy to separate denominations.

Bishop Ivan Lee Holt of St. Louis, chairman of the Council of Bishops of the Methodist Church, said the Methodist Church "ought to lend all its support to any movement that leads to a larger and stronger church in the world."

The seven sponsoring churches are: Methodist Church, the Presbyterian Church in the U. S. (northern), the Congregational Christian Churches, the Evangelical and Reformed Church, the Disciples of Christ, the Moravian Church (northern province) and

the African Methodist Episcopal Zion Church.

Seven other denominations, represented by observers, are: The Protestant Episcopal Church, Church of the Brethren, the Five Years Meeting of Friends (Quaker), the Augustana Lutheran, the Evangelical United Brethren, the Presbyterian Church in the U. S. (southern), and the Church of God of North America.

It is estimated that the United States has 10,000,000 Protestants in 1949.

INCOME TAX HELP

DECEMBER 31

Income Tax Worksheet

We are now calling for your copy of the INCOME TAX WORKSHEET.

A tax sales deadline for owners of securities

If you have sold securities get a Worksheet and check your present capital gains position. If you're married and are going to file a joint return, combine your spouse's profits and losses with your own. The result may show you the need to sell additional securities to offset a taxable gain. Through careful planning you may be able to control the amount of the tax you pay on your profits. But you must act before the end of the year. Naturally, it would be prudent to check your estimate with your attorney or accountant.

Watching details like this is a routine part of the work we do in administering estates and trusts. Come in, with your attorney and let us point out the many other advantages we can offer you as your executor or trustee.

Governor Gives

ment was understood to have received intimations that its work should be confined to the field of national activities, and that it should not be used to drum up interest in a state government review.

The state group was understood to have accepted that point of view, and is prepared to do its work solely in the field of the report on the national level.

Four Die in Fire

Toledo, O., Dec. 15 (AP)—Four persons died early today in a fire which nearly destroyed their home. The dead: Benjamin Bennett, 56, his wife, the Rev. Mary Bennett, 52, minister for the Spiritualist Church, their daughter, Laura, 25, and Dana Hutchinson, 3, ward of the county welfare board, who was being boarded at the Bennett home. Coroner Paul Hobbly said the blaze was caused by an overheated coal furnace.

Predicts . . .

writing a Nebraska state rent law.

Federal rent controls, under present law, can be restored only in those areas where the ceilings have been removed by action of the federal rent administrator. Thus far he has recontrolled three areas—Harrodsburg, Ky., Americus, Ga., and part of Somerset county in Pennsylvania.

The rent office official said several other decontrolled areas where rents have jumped are being watched for possible action toward restoration of rent ceilings.

fare board, who was being boarded at the Bennett home. Coroner Paul Hobbly said the blaze was caused by an overheated coal furnace.

CHRISTMAS GIFT: FOOD!

Have you considered food as a Christmas gift to some needy person? . . . or as gifts to friends who appreciate fine things? You'll find a host of suggestions here. If you wish, we will package an assortment of delicacies in a price range to reflect both the good taste and good cheer of the donor.

Lincoln Author Dies
Elmira, N. Y., Dec. 15 (AP)—Rufus Rockwell Wilson, author of more than 20 books about Abraham Lincoln, died last night after a long illness. He was 81.

Many letters addressed to European towns by pre-war names have been returned marked "no such place."
Leghorn hats take their name from that of the Italian port through which they are shipped.

Yes, here's the biggest news since beer was bottled! With new "ONE-WAY" glass bottles, you pay no deposit and you don't have to bring them back! Remember, beer and ale taste better in bottles and cost less than in tin cans. Full 12 ounce bottles. Ask your dealer today for beer and ale in the new, handy, economical "ONE-WAY" Glass Beer and Ale Bottles. (See Consumer Satisfaction Survey)

Radio-Television Booth Installed in State Senate
Albany, N. Y., Dec. 15 (AP)—The time may not be too far off when you can watch your television dial to your favorite state senator in action.
A radio-television booth has been installed in the upper west wall of the Senate chamber as part of an \$800,000 renovating job started last April and now almost finished.
However, Senate Secretary William S. King, who escorted newsmen through the redecorated chamber with Senate leaders yesterday, said there was no immediate prospect that television operating equipment would be installed.
New gallery facilities feature the renovation work. Old pew-type seats in the east and west galleries have been replaced by blue velvet-covered individual seats, soft and wide.
New red carpeting with the seal woven in and new chandeliers and drapes are among the other improvements.
The Assembly chamber also has undergone some redecoration, but less extensive than the Senate job.
The demand for beaver pelts is said to have been the principal reason for the exploration and development of Canada.

"DIRECTLY OPPOSITE READE'S THEATRE"

Restaurant, Grill Operators Elect Thornton as Head

At the monthly meeting of the Ulster County Hotel and Restaurant Liquor Dealers Association, held Tuesday evening at the Knights of Columbus building, George Broome of Thornton's Grill, Saugerties, was elected president.

Other officers elected are:

Charles Hoppe of Hoppy's Restaurant, Kingston, first vice-president, Bert Tresider of Mladly Tavern, Saugerties, second vice-president, Joseph Winger of Cedar Grove Inn, Saugerties, third vice-president, Peter Mancuso of Shamrock Tavern, Kingston, recording secretary, Frank Carpio of Jack's Restaurant, Kingston, treasurer, Emilio Jordan of Chez Emile, Kingston, financial secretary and Ray Amell of Amell's Cory Corner Restaurant, Kingston, sergeant-at-arms.

Members of the board of directors: Walter Williams, Louis Freeman, Jasper Martello, Floyd Scott, Al Jones, Artie Isabella and Robert Toersel.

Charles Hoppe, chairman of the 11th annual banquet committee, reported plans progressing for the banquet to be held at Williams Lake Hotel on Wednesday evening, January 18, and urged that reservations be made now with Emilio Jordan, 470 Broadway, Kingston.

There was a discussion on proposed legislation which will come up at the next session of the legislature.

Local Death Record

The funeral of Ella M. Baker was held at the funeral home of Ernest A. Kelly Wednesday afternoon at 2 o'clock, with Edward Sedewer, reader of the Christian Science Church, conducting the service. Cremation was at Ferncliff this morning.

Funeral services for Captain Frank D. Longendyke of West Hurley, who was accidentally drowned from his barge in Brooklyn early Wednesday morning, will be held from the W. N. Conner Funeral Home, 296 Fair street, Saturday at 11 a. m. Burial will be in Woodstock Cemetery. Beside his wife, Eva, he is survived by two sons, Kenneth and Clifton Longendyke; two daughters, Mrs. Arline Urell and Miss Shirley Longendyke all of West Hurley; two brothers, John and James of Kingston and three sisters, Mrs. Le Rita Becquer and Mrs. John Teslo of Kingston and Mrs. Adeline Bush of Buffalo.

McNeil Program Brings 50 Cards to Hospital

Kingston Hospital apparently came in for some attention on the radio program of Don McNeil, it was learned today when about 50 cards bearing messages of cheer for ward patients arrived in the mail.

Some of the cards were addressed to the children's ward and others were to a boy and a girl in the ward, and a few were addressed merely to a patient in a ward.

The cards were from several states throughout the east and many were from various communities in New York state.

A note on the bottom of the cards said: "We listen to Don McNeil."

CARD OF THANKS

I wish to thank my many friends and neighbors, business associates and fraternal organizations for their acts of kindness during the recent death of my husband Anthony F. Slezak.

Signed
MRS. ANTHONY SLEZAK

DIED

LONGENDYKE—Suddenly at Kingston, N. Y., December 14, 1949, Frank D. Longendyke, 47, of West Hurley, Ulster county, son of Kenneth and Clifton Longendyke, Mrs. Arline Urell and Miss Shirley Longendyke, all of West Hurley; two brothers, John and James of Kingston and three sisters, Mrs. Le Rita Becquer and Mrs. John Teslo of Kingston and Mrs. Adeline Bush of Buffalo.

Funeral services will be held from the W. N. Conner Funeral Home, 296 Fair street, Saturday at 11 a. m. Interment in Woodstock Cemetery.

Against Law to Use 1950 Plates Until First of January

Under no circumstances may the new 1950 automobile license plates be displayed prior to January first, County Clerk Harry D. Sutton warned today. It has been reported that some persons have already attached the new plates to their cars. This is an improper use of a license plate and may involve such users with police officials.

New 1950 license plates are now available at the Motor Vehicle Bureau office on Main street but they must not be attached to cars until January first. The old 1949 plates may be used until the last of January when it is required that new plates be displayed.

Although 1950 plates may not be used until January first, County Clerk Sutton asks that car owners secure their plates early to avoid the last minute rush.

'The Joyful Hour' Program Sunday

"The Joyful Hour," Family Rosary Crusade's annual Christmas broadcast will be heard on Sunday evening, December 18, at 8:30 over Station WKNY and the Mutual network.

Eighteen stars of stage, screen and radio will participate in this program of music, prayer and drama, which will come direct from Hollywood and New York. Included among those starring in the cast are Bing Crosby, Dennis Day, Margaret O'Brien, Maureen O'Hara, Maureen O'Sullivan, Jane Wyatt, Macdonald Carey, Licia Albanese, Ann Blyth and Giuseppe Di Stefano.

In the years 1947 and 1948 the Family Rosary Crusade series was voted the outstanding broadcasts on the Mutual network by Radio Daily, foremost daily publication for the radio industry.

Dozen or More Die In Farmhouse Fire

Rotan, Tex., Dec. 15. (AP)—Twelve or thirteen people burned to death today in a four-room rental house on a farm eight miles northeast of here.

All were Latin-American transient farm workers, employed on the C. A. Douthitt farm. Two families made up the victims. The last name of one family was Perez. Names of the victims were otherwise not available.

It was believed four adults—the two sets of parents—and eight or nine children perished. Blackened ruins of the four-room frame house were found at 9 a. m.

Rotan is in west Texas about 50 miles northwest of Abilene, Tex.

The Joiners

News of Interest to Fraternal Organizations

Colonial Camp, 75, U.S.V.V., will meet Friday at 8 p. m. at the Governor Clinton Hotel for the regular meeting.

A regular meeting of Charles DeWitt Council, 91, J.O.U.A.M., will be held Friday at 8 p. m. at Mechanics Hall, 14 Henry street. All members are requested to attend. A social hour with refreshments will follow the business session.

About the Folks

Mrs. Vernon Huston who has been recovering from injuries received in a fall is slowly improving at her home, 95 Madison avenue.

Active File of Donors Endorsed by Council

An attempt to organize an active file of blood donors for the Ulster County Blood Bank has received the endorsement of the Ulster County Council of Social Agencies. Miss Clare M. Kelley, secretary, reported today that the health division of the council at a recent meeting voted to favor the development of "an active interest" in the blood bank and to solicit volunteer assistance in organizing the file of donors.

Mrs. Allan Hainstein was named chairman of the donors file. She will meet with officers of the health division on Friday, December 16, to formulate plans for establishing the file.

Further information about the donor list may be obtained from the office of the Ulster County Tuberculosis and Health Association, Miss Kelley said.

Sisterhood Hears Speakers on Youth Programs in City

Two speakers on work among juveniles were heard at the meeting of the Sisterhood of Temple Emanuel in the home of Mrs. Arthur B. Ewig, Pearl street, Wednesday afternoon.

Those who addressed the ladies were Mrs. L. L. Shultz of 62

Lounsbury Place and Alexander "Pop" Fuhrman, both of whom represented organizations interested in the youth of the community.

Mrs. Shultz explained the program at the Downtown Recreation Center on Lower Broadway and Fuhrman told of activities conducted at the Kingston Boys Club on Greenkill avenue, of which he is director.

It was the request of Mrs. Shultz that members of the Sisterhood devote some time to the Recreation Center to act as directors during the hours that chil-

dren visit it to play and take part in handicraft programs. Fuhrman in explaining the work of the Boys Club stressed that in addition to teaching handicraft, the youngsters are directed in the true American spirit of tolerance towards their fellow members.

Both speakers stressed that facilities of their meeting places are taxed by the large numbers of children that report to participate in programs and emphasized the need for greater interest on the part of all citizens.

Edinburgh is sometimes called "Old Smoky."

Lyon Will Become State Banks Chief

Albany, N. Y., Dec. 15. (AP)—William A. Lyon of Brooklyn will become state superintendent of banks Jan. 1.

He was appointed by Governor Dewey yesterday to succeed Elliott V. Bell in the \$16,500-a-year post.

Lyon, 47, has been first deputy of the executive committee of the superintendent since 1947. He was brought into the state banking

department by Bell when he became superintendent in 1943. Lyon was Bell's executive assistant for the past year, during his appointment as deputy superintendent of the State Banking Board in 1947. He has been secretary of the National Association of Supervisors of State Banks since 1943. He was appointed to the post Dec. 31, was announced today Bell will become chief of the executive committee of the superintendent since 1947. He was brought into the state banking

North Central Area Gets Cold Weather

(By The Associated Press)
It was cold today from the northern Rockies to the Atlantic seaboard, with the North Central States getting the worst of the icy blasts.
Temperatures again dropped below zero over many Midwest

areas, with the center of the mid-December cold snap centering in Minnesota and Wisconsin. The freezing line extended into parts of the South and it was chilly in northern Florida. But federal forecasters reported very mild weather in the Florida peninsula. Temperatures were expected to moderate over most of the North Central cold belt today. But the weather bureau said a new blast of cold air was headed into the Dakotas, Nebraska, Minnesota and Wisconsin by tomorrow night. Early morning lows today included 7 at Park Falls, Wis.; 5 at Duluth, Minn., and zero at Blomberg, N. D., and Rockford, Ill. Chicago's 7 above was a new low for the season.

Rain continued along the central Gulf coast, with New Orleans reporting nearly two inches in the last 24 hours. Snow flurries fell along the east shores of the Great Lakes and rain fell over northern California.

As Pegler Sees It

Into a spat with Senator Joe Foraker, of Ohio, and the rule against publication of remarks was circumvented, though not violated, by Bob Jones, then of the Chicago Herald and later of the Chicago Tribune, now retired and living in Florida. Mr. Jones was not a member of the Gridiron nor was he present as a guest. So, when he heard of the row he made inquiries, got the truth and broke the story as news.

Franklin Roosevelt tried to break down the Gridiron's rule requiring white tie and tails. He said he had no white tie. Lytle Wilson, of the United Press, who was on the invitation committee, said the club would buy him one. Another time, in 1938, when the Democratic organization in the Bronx counted out Tom Dewey and stole the election to the office of governor, Roosevelt demanded of the late George R. Holmes that the Gridiron revoke

its invitation to Mr. Dewey to sit at the head table, where the presidents of the club and the United States sit, and to make a speech. Holmes, a brother-in-law of Roosevelt's secretary, Steve Early, said he would do

no such damned thing. Roosevelt went to the party but refused to speak. Dewey made an excellent speech and was on his way to political recognition and two nominations for the presidency. Jim Farley spoke for the admin-

istration from a text by Charlie Michelson the Spook.
President Cleveland attended no Gridiron parties. He thought this would be an undignified occasion for a president. There seem to have been no hard feel-

ings on either side.
Robert Lincoln O'Brien, the oldest member, who got the little gold Gridiron to wear on his lapel 50 years ago, was saluted gravely and with affection last Saturday night. The next morn-

ing the members learned that another old and cherished friend and member, Cliff Berryman, the editorial cartoonist of the Washington Star, had died in the night. (Copyright, 1940, King Feature Syndicate, Inc.)

In 1789, Sir Alexander Mackenzie reported finding oil seeps during his exploration in Canada.

It is estimated that U. S. tourists in Canada spent a quarter of a billion dollars last year.

C.I.O. Asks . . .

"Here is a situation where leading steel corporations made almost unbelievable profits in the last full quarter before the strike and are now operating at even higher levels of capacity."

Yet, on the pretext that material costs are up they are getting ready to hike the public again.

We earnestly request the joint committee to look into this scandalous situation. After all it is less than three months since a federal fact-finding board concluded that in the light of the tremendous steel profits price reductions—not increases—were in order.

The fact-finding board had been appointed by President Truman to recommend a solution to the steel contract dispute. The three-man board recommended pensions and insurance plans to be financed by the companies but said a fourth round postwar wage increase in the steel industry would be damaging to the economy.

On the basis of that report Murray dropped wage demands and concentrated on pensions and insurance which the steelworkers achieved after a long and bitter strike.

The Italian port of Lagnori is called Livorno in Italian.

Senate Calls Halt

at least as large as those for the present year.

But Gillello called attention to census data that indicated "about 100,000,000 pounds of coffee" moved out of stocks during October and November of this year.

Coupling this with testimony about "doubling of retail prices" and huge increases in coffee speculation, Gillello said there has been "definite manipulation of the coffee market" with a resulting loss to U. S. consumers of \$550,000,000.

Gillello said he has an idea who "manipulated or rigged" the price of coffee, but he declined to say more, except to add that such operations apparently are not illegal.

Burger Is Elected

Patrolman Gueney Burger, Jr., has been elected president of the Kingston Patrolmen's Association, it was announced today when results of November balloting of the association were made known.

Burger, a motorcycle patrolman, has been a member of the Kingston Police Department for four years. Other officers elected were Thomas Tomshaw, vice-president; Leonard Ellsworth, treasurer; Carl Jansiewicz, secretary; and Louis Sapp Jr., financial secretary. The officers were elected for a one-year term.

Do You Remember

by SOPHIE MILLER

Received a note from Springfield, Mass., from a reader who says, they had lived in Kingston most of their life so naturally are interested in all pertaining to it. Since leaving, they still take "The Freeman." From the column items they say they remember the old Kingston Hotels mentioned, also the dedication of the Soldiers' & Sailors Monument, during the

"burry with a fringe on top days." They say they remember the monument before it was completed with the figures on top.

Who knows anything about the expression "punched coin"? In the Kingston Journal and Weekly Freeman of Thursday, December 14, 1882, in "Notes about Town," they say "Very little punched coin in circulation now."

Also another item: "Our guardians of the peace" are all plucky and very efficient men. The police department was established about nine years later, May 1891. From the social items: "Point lace stockings are the latest craze, but everybody doesn't see the point," says the item. Lace stockings come

in and out of fashion every 20 years or so.

Christmas shopping was making the streets busy in those days, and no doubt some were giving sleighs for presents also, for they mention "Of late, many sleighs of splendid workmanship have been shipped from this city."

In speaking about Christmas shopping, the reporter goes all the way up to N. W. Carman's Furniture Warehouse at Kerhonkson for some real buys. He says, "One of the neatest things we ever saw in the shape of a bed-lounge, finished in Rep. Half cloth or Brussels, so cheap, everybody can sleep by the fire all winter. His stock of lounges and Tete-a-tetes is simply complete. But the best buy, was a

checker stand, box and all complete for a low price of \$1.25. His display of picture frames is something never seen in the valley before. Rustic of all styles, and mouldings and ovals and velvet cabinets in every style made. To his stock of brackets and wall pockets he has added lamp brackets, rests for work baskets, book shelves, what-nots, ladies' work boxes, writing desks, match safes, etc." So said the Christmas shopper of 1882.

There are also boat news in the 1880's editions. "The West Shore ferryboats that are to run between Weehawken and New York are to be lighted by electricity and the light will be given in the cabins from handsome chandeliers. Men are now at work putting the necessary apparatus on the "Newburgh" boat, that is, nearly done." Also "Owing to the sudden closing of the Delaware and Hudson Canal, by the intense cold of the early part of last week, 88 loaded boats were caught in the ice on the Pennsylvania section and 15 in New York. Each boat contains 128 tons, making a total of 12,545."

Short, the photographer, has been out taking instantaneous photographs of rabbits and foxes in the town of Woodstock. Of his subjects brought home with him there were three white rabbits and a fox.

Back in the old foot race days there is an item from the "Ellenville Press, when Thomas Holmes, of the Ellenville Knife Works, ran a race of 100 yards with Hanley's Sir Henry, the fastest running horse heretofore, the man winning the race. Holmes then ran a race with George Pero, the well known fast Negro runner, beating him. His West End friends are looking for a fast horse or fast man to race on Christmas Day" the item read.

Philadelphia was founded in 1682 by William Penn.

Steel Worker Reports Pennsylvania 'Gold Strike'

Conshohocken, Pa., Dec. 15 (AP)—The family of a 30-year-old steel worker today reported a "gold strike" in the hills of nearby West Conshohocken.

Walking across an abandoned dump near his home, Adolph

Vivian said he saw something glittering on the ground. It proved to be a \$10 gold piece, bearing the date 1881.

A few steps farther on, he reported he picked up a similar coin, bearing an 1893 date.

Both gold pieces measured an inch in diameter, but bank authorities assured Vivian they were not counterfeits.

Vivian's wife, Theresa, found

two silver dollars near the same spot two months ago. Shortly before that his father-in-law, Nicholas Serro, reported the finding of three silver dollars.

Now the whole Vivian family is prospecting for more of the glittering cache.

Vivian reported all the coins in good condition and the silver dollars, like the gold coins, were dated in the 1800's.

Interborough Sues 17 Publishers for Restraint of Trade

New York, Dec. 15 (AP)—Seventeen publishing and distribution companies are being sued for \$4,800,000 by the Interborough News Company, a distributing firm, on the grounds of an alleged conspiracy in restraint of trade.

The suit yesterday in Federal Court, claimed a \$1,620,000 business loss as a result of the alleged conspiracy, and asked triple damages. The plaintiff also asked for a permanent injunction against alleged joint action by the defendant companies.

Listed among the defendants were the Curtis Publishing Company, Triangle Publications, Inc., Hearst Publications, Fawcett Publications, MacCall Corp., Readers Digest, MacFadden Publications, pocket books, Inc., and field enterprises.

The complaint alleged these things: For many years Interborough built up facilities for distributing more than 500 publications throughout New York, New Jersey, New England, Pennsylvania, Delaware, Maryland and Ohio. The defendants entered into a conspiracy about 1947 to boycott Interborough, cancel contracts, establish new distribution agencies, persuade Interborough employees to leave the company, and slander Interborough.

It is estimated there are 100,000,000 people in South America.

How to avoid a dingy, musty wash ... even when you dry indoors!

WHEN bad weather forces you to dry indoors, it doesn't mean your laundry must be dingy-looking or musty-smelling. Simply launder with Clorox, and your white and color-fast cottons and linens will be snowy-white, color-bright and fresh as a spring breeze! Not only that... Clorox removes stains, makes laundry sanitary, too!

And because Clorox is extra-gentle and lessens rubbing, it conserves costly linens and saves you money! Enjoy all of these benefits by starting the thrifty Clorox habit today!

Here are still more Clorox benefits!

Sink, drainboard, wash basin, tub and toilet bowl may all look clean but actually harbor harmful germs. When you use Clorox in routine cleaning, you not only remove stains and deodorize, you disinfect... provide added health protection for your family!

You get these

2 BIG EXTRAS with

CLOROX

1. **GENTLER**
BLEACHING ACTION
... longer life for linens!

Lehman Official Vote Was 198,057

Albany, N. Y., Dec. 15 (AP)—Herbert H. Lehman received an official majority of 198,057 votes over John Foster Dulles in the Nov. 8 election for U. S. senator from New York.

The State Board of Canvassers yesterday certified a total of 2,582,438 votes for Lehman, who ran on the Democratic and Liberal Party tickets, and a total of 2,384,381 for Dulles, the Republican candidate.

Lehman received 2,153,763 votes on the Democratic line and 428,675 under the Liberal Party emblem.

The former governor polled 1,586,316 votes in New York city for a majority of 788,459 over Dulles, who received 797,857 in the metropolis.

In the rest of the state, Dulles received 1,586,524 votes, a majority of 590,402 over Lehman, whose upstate total was 908,122.

The statewide total vote, including blank, void and "spoiling," was 5,361,093. The upstate overall total was 2,704,769 and the total in New York city was 2,656,324.

Charles W. Froessel, Democrat-Liberal, was elected an associate judge of the State Court of Appeals by an official margin of 421,068 votes over Judge Bruce Bromley, Republican incumbent.

Froessel received 2,072,839 votes in the Democratic column and 352,975 Liberal Party votes for a total of 2,425,814. Bromley's total was 2,004,726.

Froessel's majority in New York city was 956,417. Bromley carried the rest of the state by 535,329 votes.

The Board of Canvassers, which met yesterday to certify the vote officially, consists of Attorney General Nathaniel L. Goldstein and the majority and minority leaders of the Legislature.

**Cummings Is Named
To Commission Post**

Albany, N. Y., Dec. 15 (AP).—George B. Cummings of Binghamton was appointed by Governor Dewey today as vice-chairman of the State Building Code Commission.

Cummings has been a member since the five-member commission was named by Dewey early last fall. Members receive \$12,500 annually.

The commission was created by the 1949 Legislature to draft a statewide building code. Cummings said he would meet with the commission here Monday to discuss its plans for conferences with local officials throughout the state during January.

Informal conferences will be held early in January with members of the Association of Towns, County Officials Association and the State Conference of Mayors. Some members of these organi-

zations have expressed opposition to a statewide building code. The law, passed by the 1949 Legislature, permits localities to exempt themselves from the projected statewide code.

Later in January the code commission will conduct conferences for officials and members of civic, professional and industrial organizations.

The National Geographic Society says an Alaska seal skin is so pliable it can be passed through a napkin ring.

Schiller Trial Postponed

New York Dec. 15 (AP).—Trial of Ira A. Schiller, suspended chief attorney of the lower Manhattan area, on a charge of the office of the housing expediter, on a contempt charge was postponed until Monday. Schiller, 36, of 93-40 Queens Boulevard Forest Hills, Queens, is alleged to have used the power and influence of his official position to obtain \$500 on two occasions from persons seeking apartment.

J. C. Walworth Dies

Charleston, W. Va. Dec. 15 (AP).—John C. Walworth, 79, retired New York city business man and

founder of the Bronx Chamber of Commerce, died at his home here yesterday. He had lived in Charleston for about 18 years.

since his retirement. He conducted the Walworth Business Institute in New York city for a number of years. His widow and four sons survive.

Breitell Might Get Court Appointment

Albany, N. Y., Dec. 15 (AP)—Charles D. Breitell, counsel to Governor Dewey, is reported in line for appointment to the State Supreme Court.

Reports from New York today stated that Breitell, one of Dewey's most intimate advisers, would be appointed by the governor soon to succeed Justice Samuel Noll of New York city, who died Saturday.

The vacancy is in the First Ju-

dicial District (Manhattan-Bronx). Asked about the report, Dewey avoided direct comment. His press secretary, James C. Hagerly, said presumably after consulting with the governor.

The governor has been completely occupied with budget problems and the preparation of the annual message (to the Legislature) and has given no consideration as yet to the judicial appointments.

There will be a vacancy in the 10th Judicial District Jan. 1, when Justice Charles W. Froessel, a Democrat, moves up to the State Court of Appeals, to which he was elected Nov. 8.

William B. Groat, administrative assistant to U. S. Senator Irving M. Ives, has been mentioned as a possible choice by the governor.

Groat is Republican leader in Queens Village.

The judicial appointments in the First and 10th Districts would be for 1950 only. The appointees presumably would be G.O.P. candidates for full 14-year terms next November.

State Supreme Court justices in those districts receive \$28,000 a

year. Breitell receives \$16,500 a year as the governor's counsel.

Grand Jury Dismissed

New York, Dec. 15 (AP)—The grand jury impaneled three years ago to hear evidence in the murder of Joseph Scottorriggio, Republican campaign worker, was dismissed today for lack of "specific evidence."

A gift started me playing piano again

—I got a Solovox for Christmas

Appellate Group To Hear Arguments On Feinberg Law

Albany, N. Y., Dec. 15 (AP)—The state's fight to keep the Feinberg anti-Communist teacher law on the statute books will be argued before the Appellate Division, probably next month.

The attorney general yesterday filed notice of appeal from a decision November 28 by Justice Harry E. Schirick of State Supreme Court that the law was unconstitutional.

A few hours after the appeal, the law for a second time was declared unconstitutional. This decision was handed down in Brooklyn by Justice Murray Hearn of Supreme Court.

The law prohibits employment in the state's public schools of members of any organization listed as "subversive" by the Board of Regents. The law's preamble refers to the Communist party as an organization "rumored" as advocating violent overthrow of the government.

The appeal from Schirick's decision, filed by Attorney General Nathaniel Goldstein, probably will be argued at the January term of the Appellate Division, Third Department, in Albany.

Schirick held that the law violated the state and federal constitutions and he ordered the Board of Regents not to enforce the law. He ruled on actions brought separately by the Communist party of New York state and four New York city teachers.

Schirick held that the measure was a "bill of attainder" (a legislative act providing punishment without judicial trial) in violation of the federal constitution, and a violation of the 14th amend-

ment (due process clause) of the constitution.

Justice Hearn also held that the law violated the due process clause.

The state had intended to appeal Schirick's decision directly to the Court of Appeals, New York's highest court. However, it went to the Appellate Division because of the issue of construction of the statute, in addition to the constitutional issues.

The attorney general will contend that Schirick misconstrued the law when he held, in effect, that the measure had branded the Communist party as subversive without judicial hearing.

Yule Seals Booth Is at Post Office

The 1949 Christmas Seals booth was opened yesterday at the central post office for the convenience of those who did not receive Christmas Seals by mail and those who wish additional seals according to an announcement today by Miss Alice Seadfield, chairman of supplementary sales.

The young women volunteers "manning" the booth will wear

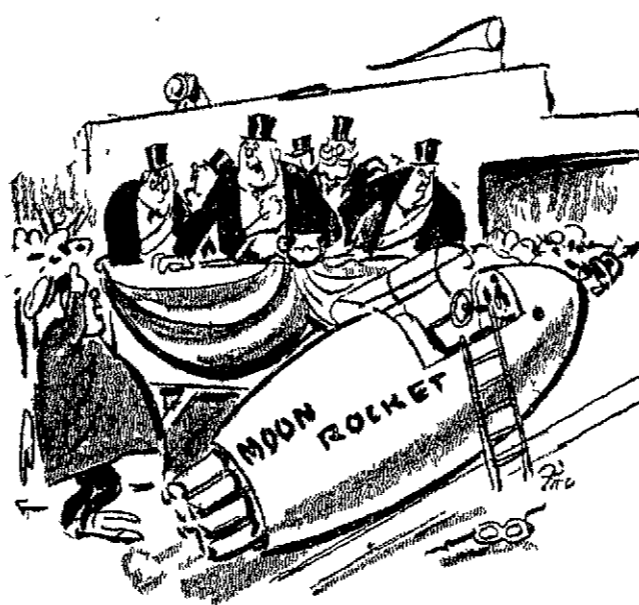

headbands and armbands designed by Hattie Carnegie, New York couturiere, who contributed this service as her tribute to the nationwide campaign against tuberculosis.

Organizations in charge of the booth include American Legion Auxiliary, Post 150, B'nai B'rith Auxiliary, Catholic Daughters of America, Clinton Chapter, Order of Eastern Star, Kingston Chapter, Order of Eastern Star, 155; and Ladies' Auxiliary, Kingston Lodge of Elks. Volunteers will be on duty from 10 a. m. to 4 p. m. and the booth will remain open until the Christmas rush of mail is over.

Several industries have also made requests for the double-lined cross pins which, each year, are sold during the latter part of the Christmas Seals campaign.

Glass fibers are drawn out faster than a mile a minute.

CREAMO ONLY MARGARINE WITH CREAM

5 out of 6 choose Creamo in Taste-Test

Pure sweet cream is responsible for Creamo Margarine's superiority. Its smooth, cream-rich flavor. Because no other margarine gives you cream, no other margarine equals Creamo's naturally superior flavor. In addition to being a fine tasting spread for bread, Creamo's extra flavor makes it wonderful for flavoring other foods. Try it on hot vegetable dishes, and for baking and frying. You'll be delightfully surprised at the delicious difference. Ordinary dishes become party dishes, with just a little cream-enriched Creamo added. You'll find that Creamo's exclusive cream content works flavor miracles. Try a pound of Creamo today. Taste it yourself. You'll see immediately why new thousands every day are switching to Creamo. You'll learn why the only margarine made with cream is the only margarine to buy—Creamo Margarine.

Social Security Tax Up to 1½ Per Cent On January First

The rise in social security taxes from one to one and one half per cent on workers' wages goes into effect January 1, 1950, regardless of Congressional action on the bill amending the present Social Security Law, it was stated today by Joseph B. O'Connor, regional director of the Federal Security Agency.

O'Connor's explanation was made as a result of numerous inquiries which have been made by both workers and employers regarding the effective date of the tax rise.

"The scheduled increase," he said, "results from Congressional action in 1947 when the original rate of one per cent was continued until 1949, and then permitted to rise to one and one half per cent. In the original Social Security Act, passed in 1935, this tax was to begin at one per cent in 1937 and go up one half per cent every three years to a ceiling of three per cent in 1949. However, Congress for a number of years subsequently froze the tax at one per cent."

O'Connor also pointed out that for the present the new tax applies to wages and salaries up to a total of \$3,000 a year from one or more employers.

"The proposed amendments to the existing law increase the taxable wage base to \$3,600, but they are still in the legislative stage. The amendments were passed by the House and are now awaiting action in the Senate."

O'Connor emphasized that responsibility for the collection of Social Security taxes and employers' wage reports connected with them was the responsibility of the Bureau of Internal Revenue, and he suggested that detailed information should be obtained from the bureau's local collectors.

Grand Union Employees Receive Special Bonus

The Grand Union Company is pleased to announce the payment of special bonuses of one week's salary to employees who have worked with the firm full time since January 1st, 1949 and who are not now on a profit sharing arrangement. For many years, all managers of Grand Union stores and Supervisory personnel have shared in the profits of the company through the "Manager's Profit Sharing Plan."

The special bonus is in line with the policy of Grand Union to share with its employees. Grand Union has been first in the industry to establish many personnel benefits. Such benefits as the Retirement Plan, Group Life Insurance, Hospitalization, Paid Sick Leave, Vacations and Holidays with pay have long been a part of the regular Grand Union Employees' Security Program. These benefits are available to every employee regardless of position.

Mid-America Report

By FRED SNYDER

Madison, Wis., Dec. 15 (AP)—

Football, kickoffs and basketball

jump shots thrill crowds, but

there's much more to life in a Big

Ten college.

People young and old, with or

without money, need to be trained

to make a living and taught how

to live at home and in school.

The University of Wisconsin,

100 years old and one of the ten

largest state schools in the

country, says it is doing just that

and thriving in the process. The

current campus enrollment is 17,

700.

Wisconsin people, who feel the

bill, aren't content with just send-

ing their sons and daughters to

the state university. Let them go

to school and learn, but we stay

at home want something, too,

they say.

You teach and research there

because we ultimately benefit, but

help us solve our practical prob-

lems now, is the taxpayers' di-

rective.

Try for good football, but try

a little harder to benefit all of us

the people through their legisla-

tors, tell the university regents,

who tell the faculty.

This winds up with the univer-

sity pursuing a three-pronged pro-

gram of research, public service

and on and off the campus teach-

ing that directly or indirectly af-

fects the lives of practically every-

one in the state.

None Questions Doubt

No one has ever questioned Wis-

consin's boast that the whole state

is its campus.

The university's own radio sta-

tion, heading a state-owned non-

commercial F.M. six-station net-

work, spearheads a rural culture

program unique in the nation.

The station in Madison, recog-

nized as the nation's oldest non-

commercial station, beams cul-

ture to metropolitan and back-

woods schools, homes, churches,

clubs and community centers.

Music, art, nature, dramatics,

writing, farming, politics, all au-

gmented with mailed material and

personal supervision. Other in-

formation features include news

interpretation, taxation, child

study, weather information, health

and international affairs.

The "Wisconsin Idea theatre"

attracted 12,000 participants last

year. More than 30 scattered

"little theatre" groups took part.

People of all ages, many of whom

had never seen a play, learned to

appreciate drama. Some took a

turn in drama writing courses.

Tying in with these activities

is the Wisconsin Rural Writers'

Association, slanted toward liter-

ary interpretation of country and

farm life.

Playwriting, short story and

poetry contests bring in hundreds

of entries.

Artist Guides Undertakings

An artist-in-residence guides

campus and non-campus art un-

der takings. Farmers, housewives,

factory workers and business

people compete annually in shows

attracting widespread attention.

Holding a vital role in Wiscon-

sin's 69-year-old farm short

course training program.

An average of 300 citizens come

to the campus each winter to at-

tend five-week terms offering a

wide range of subjects. Radio

contributes by bringing to the

farmer in his home what he needs

before coming to Madison and

what he needs after he finishes

his on-the-campus trip.

The whole farm short course is

geared to help the farmer and his

family make a profitable living

and lead a useful life.

Figuring prominently in the

benefit to everybody program is

the Industrial Management Insti-

tute.

Made up of seminars every

month of the year, the institute

draws representatives of employ-

ers and employees of industry and

business to Madison for sessions

that last one day or two weeks.

This, the university says, has

made it a silent partner in 10,000

farms.

Canned Luncheon Meat

For a new topping for canned

luncheon meat cream together a

half cup of blue cheese with two

tablespoons of prepared mustard,

spread the mixture over the top

and sides of meat slices and broil

until the cheese is bubbly and

brown.

FLAKORN

CORN MUFFIN MIX

PLEASANT CHANGE FROM BREAD

Serve corn muffins, hot or cold,

made with Flakorn. Delicious

flavor. Crisp, tender texture. And

always the same sure results be-

cause Flakorn ingredients are

precision-mixed.

FLA. ORANGE CAR

789 Broadway, Kingston Next to Brown's Servicenter Open Till 8 P. M.

Less than a 1/2 cent extra per cup for this finest coffee

A fine rich body which gives complete coffee satisfaction. "You can't mistake the flavor."

said the woman's body had a deep, jagged cut on the left wrist. A blood-stained paring knife was found near the body, he said.

Discovery of the body was made after Belmont was asked by Luther Oakley, an employee of Myers Garage and Taxi Service in Rosendale, to make a routine check. Oakley halted Belmont as the latter was driving through Rosendale on other business, and told him that the woman had been driven to her summer home on November 28 and that she had not been heard from since.

Belmont, with Deputy Sheriff Andrew Ellsworth, went to High Falls, where they contacted a resident, Raymond Williams, who volunteered to go with them and point out the summer house, which is located on the Mossey Brook Road about five miles southwest of the village.

Finding the house locked, the three men learned from neighbors that the woman had last been seen on November 28. She had been in the habit of buying groceries every Friday from Goldwasser's Traveling Market, but had not done so in two weeks, Belmont said he learned.

The three men then pushed in the kitchen door, and discovered the woman's body lying in the kitchen near the stove. There was no heat or electricity in the house at the time, and the body was frozen stiff, Belmont said.

Contacting the sheriff's office, Belmont asked Coroner Jesse McHugh be notified. McHugh on his arrival ordered an autopsy performed by Dr. J. Spillwood Fay-

lor, and the autopsy early Wednesday evening disclosed death due to suicide and shock, the coroner said.

A search of papers disclosed the name of relatives in the Bronx, who were notified by a teletype message by Sheriff George C. Smith. The relatives identified the body at the George J. Moynihan Funeral Home in Rosendale. The body was turned over to the Butler undertaking establishment of the Bronx, who will make funeral arrangements.

Synagogue News

Temple Emanuel
Services will be held in Temple Emanuel on Friday evening at 7:45. Rabbi Bloom will preach on "The Light of the World," a Chanukah sermon.

Sunday morning at 10 o'clock there will be a religious school Chanukah play for the children. A covered dish supper and Chanukah party will be held on Sunday evening at 5:30.

Agudas Achim
Congregation Agudas Achim, 24 West Union street, H. Z. Rappaport, rabbi—Open daily for prayer and meditation. Formal services at 7 a. m. and 4:15 p. m. Tonight is the first evening of Hanukkah. Saturday morning, Sabbath Hanukkah, services will begin at 8:30. Rabbi Rappaport will speak on the topic, "Modern and Ancient Maccabees." The afternoon service will begin at 4. Rabbi Rappaport will lecture on the Psalms.

Sunday morning, all children who attend the daily and Sunday classes in the Kingston Hebrew School are requested to be present for the final rehearsal of the Hanukkah program.

The parents and public at large are cordially invited to attend the annual Hanukkah program of the Kingston Hebrew School Sunday at 3 p. m.

There will be a regular meeting of the Congregation Agudas Achim tonight in the vestry hall of the congregation at 8.

Inquiry Is Delayed
Washington, Dec. 14 (AP)—The House Un-American Activities Committee decided today to wait until after Congress meets in January to renew its inquiry into the wartime shipment of atomic materials to Russia. The hearings had been set to resume next Monday.

To Get New Home

Baldwin, N. Y., Dec. 15 (AP)—Joseph P. Markunas, 31, a disabled former G. I. and his pretty Australian wife, Evelyn, 24, will move today to a new, trim, four-room, rent-free house. And soon their 2-year-old daughter, Jeanette, will leave her grandmother in Vienna and fly to this Long Island village. They have to thank a group of citizens who got together and founded the rent-free home for Veterans Foundation, Inc. Raphael

W. Alpher, president of the organization and a local attorney, said it was a non-profit, philanthropic group whose aim is to buy new homes and install disabled veterans with children in them rent-free for life.

Temperatures in the railroad Diesel locomotive engine may exceed 2,700 degrees Fahrenheit.

Grange Is Warned
To Fight Socialism
As Biggest Threat

Rochester, N. Y., Dec. 15 (AP)—The 77th annual convention of the New York State Grange has been advised to worry more about socialism than about Russia.

he regarded Russia as a potential enemy. "If she can disillusion the American people, she may change from a cold to a shooting war," Bean said. He explained that he thought Russia was prepared to "move in" if the United States ever went socialist.

Plains, state master since 1943, was re-elected for another two years yesterday. New officers chosen were Russell Curtis, Cazenovia assistant steward; Mrs. Florence Pickett, Rock City Falls, lecturer; Arthur Spoonburg, Hunter gate keeper; Mrs. Lorena Wyant, Castle, Cores; Mrs. Lucinda Harvey, Maratton, Pomona; Mrs. Raymond Phillips, Victor, Ploma; and Mrs. David Mullie, Amsterdam, lady assistant steward.

Grange spokesman said this was the largest convention ever held by the state organization. In addition to 400 delegates and 279 alternates, more than 1,000 other five committee Rich's term expired.

Agriculture Department Defends Tree Cutting

Washington, Dec. 15 (AP)—The Department of Agriculture raised

this question today—Are we ruining our forests by cutting down so many Christmas trees?—and answered: No. Sparring the tree may spoil the woodland, the department said in

a statement, because "in dense stands the thinning of trees stimulates the growth of remaining trees." "What's more, it said, many New England farmers sell Christ-

mas trees which they clear from pasture land. "If the Christmas tree market did not exist, much desirable thinning or pasture clearing might remain undone because of labor costs."

The department estimated that 28,000,000 Christmas trees will be put on the market this year.

Agreement Is Signed
Washington, Dec. 15 (AP)—The

American Legion and the American Red Cross have signed an agreement for joint work in disaster relief. It provides for using manpower of the big veterans' organization in "immediate and com-

plete cooperation with the Red Cross and other disaster relief agencies." The agreement, announced today, follows up an understanding between the two

agencies which has continued since 1926. The United States bought Alaska from Russia for \$7,200,000 in 1867.

Heywood H. Broun, Son of Famous Columnist, Weds Jane Lloyd-Jones, Actress, in Woodstock

Woodstock, Dec. 15—Miss Jane Lloyd-Jones of Los Angeles, was married to Heywood Hale Broun, son of the late Heywood Broun, famous newspaper columnist, Tuesday at 4 p. m. in the home of Joseph H. Forman in this village.

Mrs. Forman was matron of honor, and Howard Mandel of Saratoga was best man. According to the license registered at city hall, Kingston, the ceremony was performed by Harry E. Schrick, justice of the New York Supreme Court.

A reception followed at the Forman home. Mrs. Broun, an actress, toured during the war with the U.S.O. and appeared on Broadway last season with Boris Karloff. Last summer she appeared at the Woodstock Playhouse in several plays.

Mrs. Broun is well known both as a newspaper man and more recently as an actor. He was on the staff of PM and The Star. This fall he appeared on Broadway in Doris Frankel's comedy, Love Me Long, produced by Brock Pemberton. He also has appeared in productions at the Playhouse. His father in addition to his writing assisted prominently in organizing the American Newspaper Guild.

Mrs. Arthur J. Laidlaw was elected president of the Women's Guild at the First Dutch Church Reformed church as the group held its annual meeting Wednesday night. Other officers chosen were Mrs. William Ochs, vice president; Mrs. G. Herbert DeKay, recording secretary; Miss Idella Hyde, corresponding secretary; and Mrs. Burton J. Davis, treasurer. The report of the nominating committee was given by Mrs. Edward DeWitt, chairman.

Mrs. Hiram Whitney presided at the meeting. Several plans were discussed for the coming year including the serving of the annual Washington's Birthday Dinner for the men.

Prior to the meeting the guild joined the Men's Club for supper and a carol sing under the direction of Donald R. Rompe, minister of music.

The next meeting will be Wednesday afternoon, January 4.

Hanukkah Family Party Planned At Temple Emanuel
Sisterhood of Temple Emanuel will hold a covered dish supper for all temple and sisterhood members and families in celebration of Hanukkah. A festive occasion, is planned with music, games and fun.

The supper will be held at the temple social hall, Abner street, Sunday at 5:30 p. m. All members are invited to attend.

Former Professor Elected
Bern, Switzerland, Dec. 15 (AP)—Max Pettipiece, former professor and head of the Swiss Political Department of Foreign Office, was elected president of Switzerland today by the two houses of Parliament. Pettipiece is a member of the radical Liberal party noted for its conservatism. Eduard von Steiger, chief of the Department of Justice and Police, was elected vice president. The term of both offices is one year.

Musical Society Votes Award for Music Student to Be Given at June Graduation

Musical Society voted to award a prize for a music student at Kingston High School's graduation, following a decision made at the regular meeting Wednesday night at the home of Mrs. A. Noble Graham, 21 Janet street. Details of the award will be planned by the committee of Mrs. Lloyd LeFever, Mrs. C. E. Wenderly, Sr., and Mrs. John L. McKinnon.

The suggestion for the prize was made by Mrs. William Macgregor MUIs of the club, who offered to give half of the award. Mrs. DeWeese DeWitt was welcomed as a new member attending her first meeting. Mrs. William Flimley of Saugerties also has been invited to join the group. Mrs. LeRoy Vogt presided at the meeting.

The program which was arranged by Mrs. John Snyder, Miss Anne Goldrick and Miss Jane Mauterstock recalled the first Christmas in America in the early colonies. In opening the program, Mrs. Snyder gave a contrast of Christmas celebrations today and in the past. The Misses Jane and Ethel Mauterstock played as a piano duet, the carol, Silent Night.

Miss Anne Goldrick dressed in the gay fashion of the period of the old English colonies gave interesting facts about Christmas in New England. She noted that the Pilgrims of the northern part were not allowed to celebrate with music but the settlers in the southern part brought with them the carols and festivities of the season. Five carols were sung to illustrate the English celebrations: O Come All Ye Faithful, Good Christian Men Rejoice, Here We Come A-Carolling, I Saw Three Ships, and Good King Wenceslaus. Mrs. Edward Flick and Mrs. Churence Wolferstolz were the carolers accompanied by Mrs. Kenneth Hickok, violinist; Mrs. Bertrand Bishop, recorder; and Miss Goldrick, pianist. All were dressed like Christmas card senders of Old England.

Mrs. Snyder in a colorful French costume gave a brief sketch of the earliest Christmas in America at St. Croix Island and southern United States. Mrs. Wolferstolz sang three French carols: Bring a Torch Jeanette, Isabelle; Angels We Have Heard on High; and O Holy Night. Miss Goldrick was at the piano.

Dressed in an authentic costume from Holland, Miss Jane Mauterstock gave an account of activities among the early settlers in the Esopus Valley, mentioning names of old families who have descendants in Ulster county today. Mrs. Flick sang two Dutch carols: In Bethlehem The Lowly; and Come O Ye Shepherds.

The carolers returned to sing We Wish You a Merry Christmas and led the other members in singing four carols.

Refreshments were served by Mrs. Henry Milonik and Mrs. Willard Burke. Decorations were in keeping with the season.

The next meeting will be January 11 at the home of Miss Edna Merrihew.

Good Taste Today

By Emily Post

(Author of "Etiquette," "Children Are People," etc.)

A STRANGE LOCAL CUSTOM

Never before have I heard this question: "Please tell us how to prevent dinner guests from arriving 20 to 30 minutes ahead of time. I am often thrown into a turmoil in my little establishment by these early arrivals and yet I know certain people who think this is correct."

As already noted, early arriving guests have so far been unheard of. It is the late arrivals that people are always trying to encourage to be on time. The only remedy I can think of in your situation is to be dressed very early and ask your guests to excuse you while you finish getting dinner ready.

The Late Marriage

Dear Mrs. Post: Would it be improper for a couple in their late 30s to send marriage announcements? This is the second time for both.

Answer: Certainly they may send such announcements, to all who could have special interest in the event.

Service Plates

Dear Mrs. Post: I've been asked to set a formal table for an exhibition. With your book for guidance, I went out to the local stores to get service plates. They said they had none. Another thing, I've been told by several

others that when the service plate is very beautiful, napkins should be put at the side of the plate instead of on it. Is this correct?

Answer: A service plate is merely a plate with which each place is set. Hence, place plate is the more accurate term. It can be any plate that you think becoming to your table. If you are following correct formal precepts, then the napkin belongs on this plate; always. As the napkin is lifted off, one could hardly avoid seeing the plate.

Son's Graduation

Dear Mrs. Post: Please tell me what to wear to my son's graduation at X University? It will be in the evening. I have to travel a distance and expense is a consideration.

Answer: An afternoon dress would be safest—in fact, couldn't be wrong. Add a small hat if the exercises are in church.

How to announce the engagement publicly and also the procedure to take when an engagement is broken is explained in Mrs. Post's latest, "Engagements." To obtain a copy, send 5 cents in coin and a stamped self-addressed envelope to her, care of The Kingston Daily Freeman, P. O. Box 99, Station C, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail.

Of Afghanistan's 10,000,000 people, about half are nomads.

Olympian Club's Annual

Christmas Meeting Conducted

The annual Christmas meeting of Olympian Club was held at the home of Mrs. James J. Murphy, 255 Pearl street, Monday evening. The home was beautifully decorated for the Christmas season.

Miss Sadie Schutt had charge of the program which consisted of singing Christmas carols and telling Christmas stories. The club's annual gifts to some former members who are ill was arranged. Following the program there was a social hour and refreshments in keeping with the season were served by the hostess.

The next meeting will be held January 9 at the home of Miss Sadie Schutt, 85 Main street, with the paper for the day by Mrs. Florence Campbell.

Albania Is Ordered To Pay \$2,363,101

The Hague, Dec. 15 (AP)—The International Court of Justice today ordered Communist Albania to pay

Britain 1843,957 (\$2,363,101.60) for the mining of two British destroyers on Corfu Channel three years ago which cost the lives of 44 British sailors.

Britain had asked that amount to compensate the families of the

sailors and pay for damages to the warships in the Adriatic Sea incident of October, 1946.

Vishinsky Visits Eastern Berlin on His Way to Moscow

Berlin, Dec. 15 (AP)—East Berlin gave its rubble-scarred face a hasty polish today and flags flew as German Communists honored visiting Soviet Foreign Minister Andrei Vishinsky.

Vishinsky stopped off yesterday on his way to Moscow from the recent U. N. General Assembly session in the U. S.

When Vishinsky arrived, the Soviet-licensed news agency ADP reported, he promptly paid a visit to the bedside of Otto Grotewohl, prime minister of the Soviet-sponsored East German republic.

At a news conference for East German journalists yesterday, Vishinsky attacked the west's policy in Western Germany and hailed friendship between the Soviet Union and East Germans.

His visit, however, had a mixture of mystery and pomp. East zone government officials would not give out his schedule or say when he would leave for Moscow.

delegated Australia's government in last week's election, flew to Canberra today to take over as new prime minister.

Menzies and his cabinet of Liberal and Country Party ministers are expected to be sworn into office Monday. Although election results in seven districts still remain in doubt, it appeared the new government coalition would hold 74 seats to Labor's 47.

Menzies leader of the Liberal Party was expected to name Arthur W. Tadden, Country Party leader, as deputy prime minister.

new newspapers reported Fadden also would become treasurer.

Chicago, Dec. 15 (AP)—Government intervention is the only solution to the nation's coal shortage, the American Retail Coal Association says. The association,

after a meeting yesterday urged President Truman to take immediate action to make more coal available to small consumers.

In Philadelphia 85 per cent of homes are single-family dwellings.

Employees Go on Strike

Rome, Dec. 15 (AP)—Italian state employees went on 24-hour strike today for higher pay. The government employs more than a million workers, but it was not known in the strike's early hours how many stayed off the job. Anti-Communist and Communist union leaders banded together in ordering the strike. All but vital public services and railroads were scheduled to be affected.

Court Resumes Monday

There were no cases ready for trial in Supreme Court Wednesday and a recess was taken until Monday morning at 10 o'clock to which time the jurors were excused. One case, No. 143, Nathan Breslow against Service Fire Insurance Company of New York, a contract action, was settled. No court was held today, Justice Elsworth having a special term of court.
